

LACONI –CSS

SPRING PROGRAM - THURSDAY, MAY 17, 2012

The event was held at the Warren Newport Public Library in Gurnee. Paula Pena was our hostess and provided a delicious continental breakfast. Debra Nelson and Kandice Krettler welcomed attendees and Susan Farid handed out raffle tickets. Paula and her staff offered tours of WNPL's automated materials handler to attendees. Participants received a raffle ticket good for a drawing to be held after the meeting. There were 36 guests in attendance.

Paula Pena, the president, welcomed the group and conducted the business meeting at 9:15 am. The officers and committee members were introduced. A new member was announced, Monica Harris from Oak Park Public Library. Elections were held, all in favor, none opposed. Results were as follows:

President: Rosemary Kauth  
Vice-President: Cynthia Rauscher  
Secretary: Kandice Krettler  
Treasurer: Susan Farid

Paula extended an invitation for attendees to join the advisory board.

Kandice Krettler read the minutes from the November 17, 2011 Fall Meeting.

Susan Farid gave the treasure's report. An income of \$195.00 was reported for attendance from today's meeting.

The Business Meeting concluded at 9:25am.

Paula introduced the speaker, Shai Robkin. Shai is President, The Americas, and CEO of Bibliotheca ITG LLC. Shai gave an overview of what RFID was, how the technology works, known difficulties, and where the technology is headed. Shai put together a fantastic presentation, and also brought an RFID self check out machine to demonstrate the newer technology available.

The program ended 11:35 pm.

Following the program, the raffle was held. Four prizes were given: 2 gift baskets of gardening supplies, certificates to attend future programs, and a Home Depot gift card.

Our fall program will be held at the Bloomingdale Public Library on Thursday, September 20, 2012 and the topic will be "No No's Avoiding the Noxious Outcome" and will be presented by Kelly Krieg-Sigman.

Respectfully submitted,  
Kandice Krettler, Secretary
